

**RALLY
TO
SAVE THE WINDSOR - SAVE OUR CITY - SAVE OUR HERITAGE**

The Windsor Hotel Spring Street Melbourne

Victorians have been enraged and appalled by Planning Minister Madden's decision to approve the redevelopment of the Windsor Hotel.

***The National Trust, Planning Backlash and Protectors of Public Lands
have joined forces to hold a protest rally.***

The community has not been given its chance to be properly heard – so come along and let the government know what you think. The Windsor is threatened with 50 per cent demolition and a new 91m tower in a ‘return to facadism’. The parliamentary precinct deserves proper protection not discretionary height controls – a proper structure plan must be enacted.

Press home the need for changes to process on developments over 25,000m² - Minister is currently the Responsible Authority. The City celebrates its 175th birthday this year yet has many heritage places without heritage controls – we call on the City of Melbourne to act now.

Protest Rally details are:

Time: 12:45 pm for 1 pm start

Date: Thursday 25 March
